

CALL FOR TENDERS

'ACQUISITION AND RECYCLING OF SELECTIVELY COLLECTED AND SORTED PET BOTTLES'

- 1 Principal: asbl Fost Plus vzw, avenue des Olympiades 2 -Olympiadenlaan 2, 1140 Brussels • tel. 02 775 03 50 • fax 02 771 16 96.
- 2 It is a service contract for a period of nine (9) full years. The service consists of the acquisition and effective recycling of PET bottles and flasks from the selective collection of household packaging and similar or comparable packaging and produced in Belgian sorting plants.
- 3 The assignment consists of 1 lot: 22.8kton transparent PET bottles and 10.4kTon blue PET bottles that are collected in Belgium via the Fost Plus system, all to be collected from five (5) different sorting plants.
- 4 The method of awarding the present contract is inspired by the principles of the competitive procedure with negotiation. The negotiation aims to choose the most economically advantageous offer for the realization of a very specific installation whereby the bidder guarantees
 - (i) that the installation is designed in such a way that it is specifically suitable for the acquisition and recycling of material from the principal and
 - (ii) that the site is set up in such a way that Belgian customers can receive the secondary raw materials from the packaging that they have brought onto the Belgian market, at a short distance, in closed loop, in accordance with the principle of circularity.
- 5 The tenderer may submit only one offer per legal entity. All documents are exclusively written in French, Dutch or English. Only candidates who have first registered by sending an email to recycling@fostplus.be can submit a bid.
- 6 Additional information about this contract can be obtained from Mr. Arn Malef, account manager at the address stated under 1 or via recycling@fostplus.be
- 7 The bids must be in the principal's possession at latest on 10th of September at 10 h00 at the address stated under 1.
